EXPERIENCE

Senior Technical Writer

Nitor Infotech Pvt Ltd. Nov 2024 - Present

Created product documentation, feature content, and release notes using a docs-as-code workflow with Git-based repositories and VitePress.

Developed a client-specific style guide using Vale Style Enforcer to ensure consistent and high-quality documentation standards.

Authored comprehensive documentation for API and web portal solutions, including test cases and use cases; performed API testing using Postman.

Conducted User Acceptance Testing (UAT) on web portals to validate functionality and support accurate user documentation.

Engineer

L&T Technology Services Ltd. Jul 2021 - Nov 2024

Delivered 15+ user-assistance materials and reviewed 100+ technical documents, ensuring clarity, consistency, and industry compliance.

Led and mentored a junior writing team, boosting productivity by 30%, and implemented Agile practices via Azure DevOps, improving efficiency by 40%.

Introduced Power BI to drive data-informed improvements in documentation quality and workflow optimization.

Streamlined support documentation processes, reducing query resolution time by 66.67%, and guided clients on content strategies aligned with business goals.

Creative Writer

Scriptwallah *Feb 2020 - Feb 2021*

Led a team of writers to achieve a 25% increase in efficiency and faster project delivery. Developed a streamlined business process model that optimized workflows and reduced bottlenecks.

Leveraged data-driven insights to align content strategy with business goals. Utilized Excel and analytical tools to track KPIs, analyze performance metrics, and inform content creation decisions across platforms like SonyLIV and YouTube.

Assistant Director and Screenwriter

Freelancing *Jul 2018 - Feb 2020*

Pitched project ideas via presentations to senior stakeholders, authored screenplays across various media houses, and collaborated with teams to align film and series projects with business objectives.

Site Engineer

Micro Systems *Dec 2017 - Jun 2018*

Developed a detailed project plan emphasizing safety and client requirements, directed on-site teams for precise BMS implementation and equipment commissioning, and ensured EPC adherence to client specifications and standards.

Project Engineer

Universal Controls *Jul 2017 - Nov 2017*

Singlehandedly oversaw the detailed engineering for the entire project scope, ensuring all project design requirements catered to customer stakeholder needs.

EDUCATION

Post Graduate Program in Business Analysis

Purdue University (Simplilearn) *Oct 2022 - Mar 2023*

Bachelor of Engineering

University of Mumbai *May 2013 - May 2017*
